

## *Green Safe Solutions, LLC*

### **TEST RESULTS, APPROVALS & CERTIFICATIONS**

Presidential Executive Order #13148 requires all Federal and State agencies to eliminate 50% of their toxic cleaners by 2006.

Public law 107-171-may 13, 2002 Farm Security and Rural Investment Act of 2002 establishes requirements for Federal agencies to implement a bio-based purchasing program. This product has been added to the GSA and DOD procurement list to help satisfy the mandatory Environmentally Preferable Purchasing requirements of Executive Orders 13101 and 13148 for the Federal Government.

#### SGS U.S. Testing Laboratory

One of America's largest independent testing laboratories, SGS tested and reported that Green Safe Solution cleaner qualified as "Readily Biodegradable," EPA's most prestigious classification.

#### California South Coast Air Quality Management District

*"CONGRATULATIONS. Your product(s) have successfully met all of the requirements for a Clean Air Solvent Certificate from the South Coast Air Quality Management District (AQMD)."*

California maintains the world's highest environmental standards. Its Air Quality Management District (AQMD) reported that Green Safe Solutions cleaner contained no GWC's (Global Warming Compounds), VOHAP's (Volatile Organic Hazardous Air Pollutants) or ODC's, (Ozone Depleting Compounds). Its VOC's Level was only 19.6 g/L. It was certified as a "Clean Air solvent."

#### NSF International

"This product is acceptable for use as a general cleaner (A1) on all surfaces in and around food processing areas." NSF Registration No. 130417 - Approved for food contact surfaces in federally inspected meat and poultry processing facilities.

#### U.S. Navy

US Navy Environmental Health Center, after extensive study, accepted Green Safe Solution as "Ecologically Preferable" for use by the USN Fleet in NAVSEA 6640 Approved Cleaning Chemicals.

#### SCHOOLS MIAMI-DADE CLEANING EFFICIENCY

In performance tests conducted by the Department of Materials Testing and Evaluation, at Miami-Dade Public Schools, Green Safe Solutions Cleaner/Degreaser performed at 105% compared to Federal Test Method Standard No. 536A/General Method No. 6701.1

#### Davis Analytical Laboratories, Sarasota, Florida

5 drops of a Nano/colloidal solution "produced the same effect as one drop of commercial grade bleach...approximately 2-3 drops of your product would produce the same effect as one drop of 'Clorox'."

**State of Vermont**

"This product is acceptable for use in dairy operations, consistent with the manufacturer's label directions". July 17, 2004.

**Florida Department of Environmental Protection**

"hereby accepts ECCO Commercial All Purpose Cleaner for the remediation of petroleum and other contaminants in groundwater and soil, in situ and ex situ." December 2003. "ECCO...All Purpose Cleaner...is an organic...solution that emulsifies petroleum hydrocarbon contaminants..."

**ViroMed Laboratories**

"Under the conditions of this investigation, Universal Concentrate (Batch No. 102297), diluted 1+3, 1+7 and 1+10, demonstrated efficacy..."

**NOTABLE ACHIEVEMENTS**

**SCHOOLS** – Because of its cleaning efficiency and the fact that it emits neither carcinogens nor mutagens, such as butyl, ethylene oxide, dioxane or phenol fumes that disrupt students mental and emotional stability, it is the “Cleaner of Choice” for many environmentally aware schools.

**PRISONS** - Because it is too safe for inmates to use it as a weapon, the Indiana State and Idaho prison systems selected 1st Enviro and Green Safe Solutions cleaners.

**Florida Gardening Magazine, Aug/Sep 2004**

*"Known simply as colloidal all-purpose cleaner, this Florida-made product has suddenly become the "buzz" of home gardeners, plant enthusiasts, greenhouse operators, grove owners, and botanical garden managers." It is "biodegradable, environmentally-friendly, and nontoxic to humans, animals and birds." "Using nanotechnology, colloidal chemistry brings an entirely new approach to the science of cleaning." "This new technology may be the first real step toward the development of a long-overdue, non-toxic approach that could revolutionize the agricultural industry."*

*We are very proud of these accomplishments and we are changing the world one section of Agriculture, Home or Business at a time. You can also make a difference and do your part to save our Environment by using our Plant based products.*
